

Applied Business Services, Inc.

Employment Opportunities

Senior Programmer

Job Description

An ideal candidate will work full-time in our Gaithersburg offices programming, maintaining and enhancing various MS Access/SQL Server and .NET applications to meet the needs of our clients. Excellent organizational and communication skills are necessary for this position. We are looking for a self-motivated team player who wants to learn and help the company grow.

Responsibilities

1. Designing, developing, and troubleshooting software programs and reports to meet our clients' needs.
2. Serve as a technical lead for problem resolution and enhancements to assigned projects.
3. Interface with network engineers, database administrators, and end-users during design and development stages of all projects.

About Applied Business Services, Inc.

Applied Business Services, Inc., founded in 1981, develops, markets and supports financial and fundraising software applications for small to mid-sized non-profit organizations. We are a small, yet growing company dedicated to delivering excellent customer service to all of our clients.

Our management team is comprised of programmers, accounting professionals, and support technicians. We develop customized solutions to meet our clients' unique needs. We are top partners and developers of the Open Systems TRAVERSE and SAGE software product lines. We are also a Nationally Certified training center for Sage MIP Fund Accounting, Sage Fundraising 50, and TRAVERSE accounting software.

ABS is seeking qualified candidates to fill our positions in our Gaithersburg, Maryland office. Generous benefits package and performance-based compensation.

Interested candidates can email their resume to:
humanresources@clientaccess.com.
