## Celebrating 25 years of services!

December 2006

We are pleased to celebrate 25 years of financial software support services to nonprofit customers. Thank you for helping us reach this milestone. We will do our best to earn your continued confidence and goodwill.

We are delighted that NJAMHA has selected ABS for the IT Hero Award for 2006. This award was presented during their annual IT Project Conference on October 17<sup>th</sup>. This is truly an honor for our firm to be recognized in this manner.

### **New Releases:**

**Budget Matrix** - ABS has completed Version 2 of the Budget Matrix (ROE) module for Traverse. This application will help you import and export your numbers quickly and efficiently. If you already own this module, please call our office for installation over the internet of this new feature update.

**Personnel Tracking System (PTS)** is a new Human Resources module that integrates with Traverse payroll, now available in v10.1.

Traverse Version 10.5 is coming this winter. ABS is proud to be selected as part of the beta team to test this new release. For more information on the new features, please go to our web site at [www.notforprofitsoftware.com](http://www.notforprofitsoftware.com) and select What's New to see the brochure on v10.5.

### **Important Dates to remember:**

December 14<sup>th</sup> OSI user meeting in Bethesda, MD to show Traverse 10.5 features.

December 20<sup>th</sup> – ABS Year End training class will be held in Gaithersburg, MD

ABS will be exhibiting and a corporate sponsor at the NJAMHA show on May 2-3, 2007 and at the NJ Accounting and Technology Show on May 23-24<sup>th</sup>.

Save the date for the Open Systems end user conference Oct 10-12<sup>th</sup>, 2007.

### **Welcome New ABS Traverse Clients:**

We are pleased to welcome West Bergen Mental Healthcare, Vantage Health System, Family Service Association, Family Services of Burlington, Family Guidance Center of Warren and Greater Trenton Behavioral Health as new ABS clients.

**Is your Traverse or OSAS software in order?** Start the new year fresh by fine tuning your software. Our specialty is cleaning up OSAS and Traverse support issues lingering from the past. Please let us help you. Areas that we have already helped people include: formatting financial statements to run in GL instead of doing them in Excel, AP or AR Reconciliation issues, numbers or balances that just won't clear from year to year. Make your software work for you!
