

SUPERCARGE YOUR DATA

One-click Data Visualization with NEW MIP Fund Accounting™ Dashboards

Now Available: New MIP Fund Accounting™ Dashboards

Our new MIP Fund Accounting™ dashboards enable quick transformation of your financial data into useful and readily understood information. With this tool, you can design and run dashboards, charts, and reports from your PC, Mac, tablet, or phone.

You can also print and export to several formats, including Microsoft Word, Microsoft Excel, and Adobe PDF. The dashboards, charts, and reports you create visualize MIP™ data and data from other systems such as Fundraising 50, Microix, or other sources that you can provide a connection to. Dashboard users do not have to be MIP™ users or have a user license to MIP™.

With the new, customizable dashboarding tool you can:

- ✓ Expand on existing MIP™ dashboarding and reporting functionality
- ✓ Eliminate manual report generation, saving time and reducing errors
- ✓ Visualize your financials to improve decision making
- ✓ Guide your organization's mission
- ✓ Leverage out of the box dashboards, charts, and reports that are immediately usable
- ✓ Create your own dashboards, reports, and charts (bar, line, pie, heat maps, sparklines, etc.) from pre-existing templates or from scratch
- ✓ Leverage drill-downs to view data at the transaction level
- ✓ Align operations with the goals of executive management
- ✓ Schedule email delivery of reports, charts, and dashboards
